

Ready To Use Antimicrobial Surface Protection

- **ANTIMICROBIAL SURFACE PROTECTION**

BIOPROTECT™ RTU creates a protective shield on porous and non-porous surfaces, inhibits the growth of odor- and stain-causing bacteria, fungi (mold and mildew), and algae between cleanings, for up to 90 days (3 months).

- **CAN BE APPLIED TO FOOD & NON-FOOD CONTACT SURFACES**

BIOPROTECT™ RTU is a water-based formulation for use as an antimicrobial preservative under EPA and FDA regulations to preserve food and non-food surfaces.

- **READY-TO-USE**

BIOPROTECT™ RTU is ready to use, right out of the bottle. No mixing or dilution needed.

- **PATENTED, REGISTERED AND EXTENSIVELY TESTED**

Extensive laboratory testing has established that the BIOPROTECT™ RTU antimicrobial technology inhibits the growth of odor- and stain-causing bacteria, fungi (mold and mildew), and algae between cleanings, for up to 90 days (3 months).

- **EASY APPLICATION**

Applications can be done by using a trigger pump sprayer, electrostatic sprayer, pressure sprayer, or fogging equipment. Just spray or fog onto surfaces.

Product Details

- EPA Reg. No. 87583-3
- Ready to use, water-based antimicrobial surface protectant
- For use as an antimicrobial preservative under EPA and FDA regulations to preserve food-contact articles and non-food contact surfaces.
- Reapply to porous and non-porous surfaces every 90 days (3 months) or when odor, staining, or discoloration due to bacteria, mold stains, mildew stains, or algae stains return.

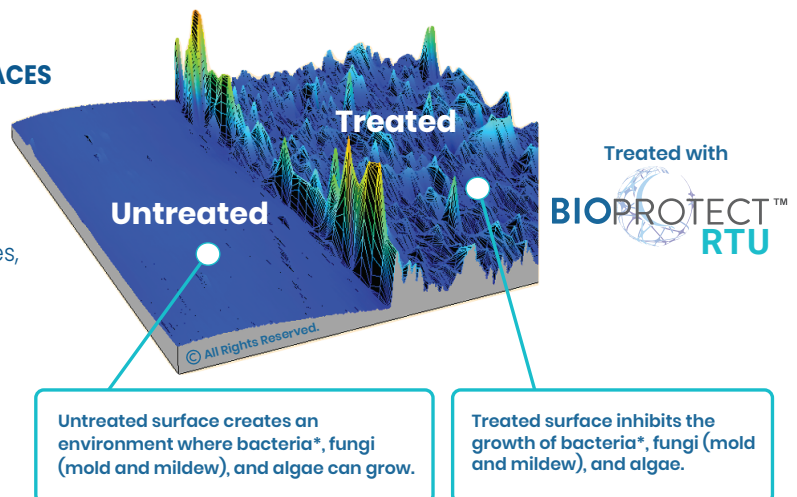

How It Works

BIOPROTECT™ RTU is approved as a preservative for food and non-food contact surfaces by the EPA and FDA, bonds to the applied surface, and inhibits the growth of odor- and stain-causing bacteria, fungi (mold and mildew), and algae between cleanings, for up to 90 days (3 months).

BIOPROTECT™ RTU can be used on porous and non-porous surfaces, food and non-food contact surfaces, appliances, equipment and utensils used in preparing and processing of food products for human and animal consumption.

WHEN APPLIED TO POROUS AND NON-POROUS SURFACES

- BIOPROTECT™ RTU bonds to the applied surface and creates an invisible shield that inhibits the growth of microbes and helps prevent the growth and spread of odor- and stain-causing bacteria.
- Does not damage screens, including touchscreen devices, electronic devices, device surfaces, lenses.
- Water-based and odor-free
