Planning

We undertake tax planning as our overall business strategy. Professional advice is sought on a transaction basis, with the depth of such advice being driven by our assessment of the risk presented by each opportunity.

Attitude towards risk

The Board sees compliance with tax legislation as key to managing our tax risk. We have agreements with professional advisors that allow us to seek expert advice on specialist areas of tax. Our approach is to ensure we are compliant and understand our responsibilities with regards to tax, rather than looking for ways to aggressively avoid payment of tax.
