BELFOR ITALIA S.R.L

Ain Aar, 20/01/2021

Dear friends "that we just encountered",

We thank you from the bottom of our hearts for your generous donation.

We would like to give you an idea of what IRAP is: an Institute, a home for ill-hearing children open to all urgent appeals. We have a lot to do to cover the basic needs: food, health, household, of this big house.

Times are very, very difficult. It is the loyalty of friends that still keeps us in good condition, together with the sale of the products of our protected workshops and the donations we receive thanks to the intervention of people like BELFOR.

Thank you, thank you for lending a kind hand, an ear that listens to the voice of people in need.

Dear friends, we do not know how to tell you how precious your initiative is at this moment because it brings a whole load of sharing, of emotions, of solidarity that give courage and hope to advance in everyday life.

Thank you again for your support, and please accept our warmest regards.

On behalf of IRAP family
