

An unexpected fire.  
 A sudden earthquake.  
 A devastating hurricane.  
 Or maybe just a busted pipe.  
 Disasters can strike  
 anytime, anywhere.  
 What will you do?  
 The answer is simple.  
**STAY CALM. CALL BELFOR.**

## RECOVERY AND RESTORATION

When disaster strikes, municipalities are tasked with the responsibility of having a thorough recovery plan in place. The recovery process includes the restoration of damaged or destroyed public facilities and infrastructure as well as the coordination of available services and assistance to citizens and businesses impacted by the disaster.

There must be the assessment of long-term shelter and housing needs, community security, public assistance, damage assessment, debris management, restoration of public facilities and services, and the coordination of resources.

For more than 70 years, BELFOR has helped small and large municipalities around the world recover from both man-made and natural disasters. Working with elected officials, community leaders, and citizens, BELFOR can respond with swift action and a commitment to:

- Return things back to normal.
- Retain community confidence.
- Minimize economic disruption.

BEFORE

AFTER

## RED ALERT PRIORITY RESPONSE

BELFOR's RED ALERT program can reduce response time, improve your chances of full recovery, and limit the financial impact of a disaster to your business operation.

When you become a member of the RED ALERT program, one call to our 24-hour priority hotline activates an immediate response of experienced personnel to your site. Members also receive a dedicated account representative and priority response over all non-RED ALERT clients for area-wide disasters (catastrophes).

## STANDARDS AND CODES

BELFOR strictly adheres to all industry standards as well as federal and state government regulations. This includes local city and county building and/or environmental codes.

## LEED CERTIFICATION

BELFOR is uniquely qualified to restore property to rigorous LEED (Leadership in Energy and Environmental Design) certification standards.

BELFOR can help. Call our 24-hour hotline.
