QUALITY COMMITMENT

It’s not only what we do that’s important, but how we do it.

In all that we do, we remain keenly aware of our promise of responsibility towards our clients, our employees, and the environment.

BELFOR is committed to quality service and customer satisfaction. This unwavering commitment to excellence is driven by our:

LEED CERTIFICATION
BELFOR is uniquely qualified to restore property to rigorous LEED (Leadership in Energy and Environmental Design) certification standards. BELFOR has more than 25 account professionals on staff who are LEED-certified.

CODE OF COMPLIANCE
BELFOR strictly adheres to all industry standards as well as federal and state government regulations. This includes local city and county building and/or environmental codes.

CONTINUOUS PROCESS IMPROVEMENTS
We respond to complex challenges with innovative thinking. We deploy our skills and resources to maximum efficiency. We examine our procedures and adopt them to the task at hand. Our clients are encouraged to report our performance with candor.

INDUSTRY STANDARDS
Our commitment to best practices, development of technology, use of equipment and recovery techniques meets or exceeds industry standards and guidelines. National BELFOR Managers have contributed to the development of many restoration industry standards including:

- Institute of Inspection, Cleaning, and Restoration Certification Standard (IICRC) Water Damage Standard (S500) and Reference Guide for Professional Water Damage Restoration
- IICRC Mold Damage Standard and Reference Guide for Professional Mold Damage Restoration (S520)
- Restoration Industry Association (RIA) Fire Damage Standard
- Restoration Industry Association (RIA) Evaluation of Heating, Ventilation and Air Conditioning (HVAC) Interior Surfaces to Determine the Presence of Fire-Related Particulate as a Result of Structure Fires

ENVIRONMENTAL RESPONSIBILITY
BELFOR accepts a special obligation to the environment, and complies with all national and international environmental protection laws.

TRAINING
BELFOR manages with these guiding principles:

- We never assume a client’s loyalty is forever.
- We are only as good as our last job performance.

Corporate clients, insurance companies, business owners and home owners have long trusted BELFOR to provide high quality and timely loss recovery services.

BELFOR employees receive on-going training online, on the job, in our local training centers, or in our state-of-the-art training facility in Michigan. With an annual training budget in excess of $1 million, our clients can be assured that the most advanced and cost-effective restoration methods are applied to their projects.

RESTORATION PRODUCTS
BELFOR is unmatched in technical expertise. Our team of Certified Restorers, engineers and scientists help develop proprietary products and procedures (SRF, anti-corrosive chemicals, specific restoration methods) in our own laboratories. All new products are copyrighted and manufactured to meet the highest industry and government standards.

CERTIFICATIONS AND LICENSING
BELFOR maintains required certifications, licensing, bonding capacity, and insurance coverage in all areas, allowing BELFOR to perform work in compliance with all state and federal regulations. BELFOR also adheres to other various requirements as mandated by both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA).

QUALITY ASSURED

SAFETY
BELFOR has no higher priority than the safe execution of its operations. We have the lowest safety professional-to-worker ratio in the restoration industry. BELFOR is responsible for providing a safe and healthy work environment. We are committed to this responsibility and strive to perform all operations without accident, injury, occupational illness, or negative environmental impact.
