RED ALERT PRIORITY RESPONSE
BELFOR’s RED ALERT program can reduce response time, improve your chances of full recovery, and limit the financial impact of a disaster to your business operation.

When you become a member of the RED ALERT program, one call to our 24-hour priority hotline activates an immediate response of experienced personnel to your site. Members also receive a dedicated account representative and priority response over all non-RED ALERT clients for area-wide disasters (catastrophes).

STANDARDS AND CODES
BELFOR strictly adheres to all industry standards as well as federal and state government regulations. This includes local city and county building and/or environmental codes.

BELFOR can make sure every disaster recovery solution is compliant with codes enforced by The Joint Commission (TJC), American Medical Association (AMA), Assisted Living Federation of America (ALFA), Agency for Health Care Administration (AHCA), National Fire Protection Association (NFPA), Occupational Health and Safety Administration (OSHA), and others.

LEED CERTIFICATION
BELFOR is uniquely qualified to restore property to rigorous LEED (Leadership in Energy and Environmental Design) certification standards. BELFOR has more than 25 LEED-certified account professionals on staff.

BELFOR can help. Call our 24-hour hotline.
