

PHARMACEUTICAL

PROPERTY RESTORATION SERVICES

PRESCRIPTION FOR RECOVERY

When public health and the future of your business is at risk from disaster, the stakes are high.

Threats, ranging from floods and fires to biological contaminants and terrorism, can have a serious or detrimental effect on the critical functions of the pharmaceutical industry.

Due diligence and emergency measures are necessary to ensure product integrity and meet strict government regulations.

Think of BELFOR as your industrial-sized prescription for disaster recovery. From short-term disruption to total failure, BELFOR can help pharmaceutical manufacturers, wholesale drug distributors, and pharmacies regain normal business operations after a disaster.
