

LUXURY PROPERTIES

PROPERTY RESTORATION SERVICES

Restoring splendor to a luxury home or high-end property after disaster strikes requires commitment, experience and knowledge. Most importantly, it takes precision and passion. Second-rate reconstruction is not an option. That's why BELFOR is the perfect choice for high-end and luxury property restoration. With more than 70 years of experience, BELFOR has a team of professionals uniquely qualified to rebuild and recover properties of significant monetary, historical or architectural value.

RESTORING VALUE AND LUXURY

From the structure itself to the valued contents inside, BELFOR uses the industry's most innovative and effective techniques to restore value and luxury.

Damage control begins the moment BELFOR arrives at the site. We stabilize the environment, assess the problems, secure the property, put up safety barriers and initiate an integrated, coordinated emergency response.

BELFOR is a licensed general contractor with more than 70 years of experience. Our reconstruction projects have been recognized by leading industry organizations and associations. We have been ranked #1 in *Qualified Remodeler Magazine's* "Top 500" list for multiple consecutive years.

At BELFOR, we understand that luxury and high-end properties require special care and attention with challenges above and beyond most restoration projects.

SAVING VALUABLES

From fine art and antiques to one-of-a-kind collections, BELFOR understands that the contents of your property represent both personal and monetary value to you.

BELFOR has been trusted with some of the world's most famous collections. Our experience and proven techniques provide safe, effective recovery and restoration of salvageable items of value.
