Before/After Wildfire Restoration

BELFOR Wildfire Response Teams

Our Wildfire Response Teams are ready with equipment and expertise to help you minimize property damage and put lives, homes, and businesses back together as quickly as possible.

“When we realized our new home was not destroyed, we were most relieved. Then police escorted us to the house to see the reality of ‘surviving a fire.’ We evacuated the premises, and in no time at all, the BELFOR team was in full force at our house. Twenty plus people were throughout the house, meticulously cleaning every area. Their presence here, and the obvious daily improvement, was not only tremendously helpful, but a huge relief when it became apparent how big this job really was. The crew finished in a timely manner and we moved back into the house.”
